A click is interest. A good chat is progress.

You know your business. We help each new enquiry take the next step.

Choukashi answers questions, follows up and books the next step. Your team gets a clear lead note. You get time back for what you do best.

From your adto your account.

One clear chain. Help at each step.

Your Meta ad
The customer spots your business.

→

WhatsApp enquiry
They ask a question on your number.

↓

A useful conversation
Choukashi answers and follows up.

←

The next step
Choukashi books a visit or meeting.

↓

A ready sales chat
Your team gets a clear lead note.

→

Money in your account
Your business closes the sale.

Choukashi helps from the first reply to the next step. Your business handles the sale and collects the payment.

Not every enquiry comes from 9 to 9.
28% of customer messages arrived before 9 AM or after 9 PM.[1]

[1] Live chats, 13–22 October 2026; last day partial. 4,859 of 17,281 customer messages arrived before 9 AM or after 9 PM IST (28%, rounded). These are measured hours, not each business's opening hours.

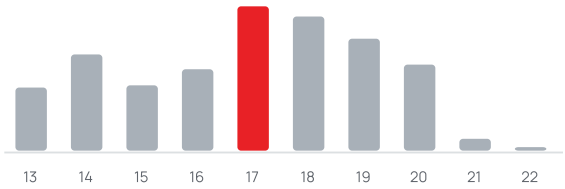

You're the expert. We give you a helping hand.

Real chats. Real work getting done.

Measured live results • 13–22 October 2026[1]

34,829 messages exchanged

Real customer chats, across 10 days.

October 2026 • 22 October is a partial day

More than a quick hello.

66.5% of chats had 3 or more customer messages, including button replies.

Quick help, without the wait.

7.4 seconds typical AI reply time.

98.4% under 15 seconds 1.6% longer

Based on 12,769 measured AI replies.

Your number. Your control.

Replies go from your WhatsApp number. Staff can take over any chat.

Know where your ads lead.

See enquiries, reply speed and bookings. Get a clear view on your phone or computer.

Appointments without chasing.

Bookings go into your connected Google Calendar. Follow-ups and reminders keep the plan clear.

Your customer list stays yours.

Your data stays separate from other businesses. We do not sell it or use it for ads.

Their language. Their script.

All Indian languages, in local script, English letters or both. No perfect spelling needed.

Your team knows the customer.

A short note shows their need, questions and next step. No need to read the whole chat.

From

₹1

per outgoing message with the ₹10,000 pack

Simple hisaab. Recharge, then use.

₹10,000 gives you 10,000 messages.
Smaller recharges: ₹1.20 per outgoing message.
AI replies, templates and staff replies all count.

Prepaid, pay-as-you-use. 18% GST extra.
Meta's WhatsApp charges are separate and paid by your business.
